Introduction

The purpose of the attached document is to set out the terms and conditions which will apply as and when we, Ionix Advanced Technologies Limited, ("Ionix") wish to purchase goods from you. This introduction does not form part of the legal terms and conditions.

In preparing terms and conditions, we have tried to make them as clear as possible and to make them reasonably balanced from a commercial point of view.

Ionix's purchases can be grouped into two main categories:

- One-off purchases
- Contract orders

The basic terms and conditions apply to all purchases. There is a supplemental section for the additional provisions which apply to contract orders, Supplement A.

As you will appreciate from Ionix's supplier approval process, some of Ionix's own products are subject to ATEX and IECEx certification for hazardous locations. Where the products we purchase from you are subject to this process there are additional requirements which apply which are specified in the attached document and laid out in detail within the Vendor Application Form.

Ionix requires certain of its Suppliers to participate and cooperate in its audit and review process. This applies to all suppliers of contract orders, ATEX goods and other suppliers to Ionix depending on factors including Ionix's risk assessment of the supplier, the type of goods being supplied, and amount or frequency of supply.

Ionix's aim is to produce products with "zero defects" and it is therefore essential that suppliers work with Ionix to supply Ionix with fault-free Goods. In the event of faulty goods being supplied Ionix requires its suppliers to implement an urgent process to discover the cause of the problem and to remedy the situation. There are significant costs involved for Ionix in processing the return of goods from its clients and Ionix reserves the right to charge a supplier to cover these direct costs, if the fault is with the supplier under the contract. This charge is waived if the fault is not with the supplier under the contract.

Ionix Advanced Technologies Limited

Terms and conditions for the purchase of goods

1 Interpretation

1.1 Definitions. In these Conditions, the following definitions apply:

Ionix: Ionix Advanced Technologies Limited (registered in England and Wales with company number 07729411).

ATEX: European Directive 2014/34/EU on equipment and protective systems intended for use in potentially explosive atmospheres and also where covered by international safety regulations IECEx as defined below.

Business Day: a day (other than a Saturday, Sunday or public holiday) when banks in London are open for business.

Call Off: a written instruction from Ionix for the delivery of an installment from a Contract Order.

Call Off Delivery Document: a copy of the Call Off to be sent by the Supplier with the corresponding delivery of an installment of Goods from a Contract Order.

Conditions: the terms and conditions set out in this document as amended from time to time in accordance with clause 14.6.

Contract: the contract between Ionix and the Supplier for the sale and purchase of the Goods in accordance with these Conditions.

Contract Order: A Purchase Order comprising Ionix's acceptance of a Quotation for Goods to be delivered in installments subject to call-off by Ionix over a fixed period of time as set out in Ionix's purchase order form.

Contract Order Conditions: the terms and conditions set out in Supplement A (clauses 15 to 18) of these Conditions which apply to Contract Orders and are supplemental to these Conditions.

Delivery Location: Ionix's premises at 3M Buckley Innovation Centre, Firth Street, Huddersfield, West Yorkshire HD1 3BD, United Kingdom unless otherwise specified in the Purchase Order or instructed in writing by Ionix prior to delivery.

Ex controlled – Any document (including drawing, purchase order, invoice) that contains reference to products, parts or components critical to the integrity and effectiveness of an ATEX / IECEx certified product shall be marked **Ex controlled** and is subject to the controls and requirements set forth for ATEX and IECEx.

Ionix Materials: materials, equipment, test jigs, tooling, tools, drawings, Specifications, and data supplied by Ionix to the Supplier or produced or obtained expressly for Ionix and/or at Ionix's expense.

Goods: the goods (or any part of them) set out in the Purchase Order.

IECEx: International certification scheme for equipment used in explosive atmospheres.

Purchase Order: Ionix's acceptance of the Quotation or, where there has not been any such Quotation Ionix's purchase order for the Goods, in either case as set out in Ionix's purchase order form.

Quotation: The Supplier's written or verbal quotation to Ionix for Goods.

Specification: any specification for the Goods, including any related plans and drawings whether in hard copy or electronic form, that is agreed in writing by Ionix and the Supplier.

Supplier: the person or firm from whom Ionix purchases the Goods.

Vendor Application Form: the completed Ionix Vendor Application Form submitted to Ionix by the Supplier as part of Ionix's process for approval of the Supplier subject to any amended information submitted by the Supplier subsequently.

1.2 Construction. In these Conditions, unless the context requires otherwise, the following rules apply:

1.2.1 A person includes a natural person, corporate or unincorporated body (whether or not having separate legal personality).

1.2.2 A reference to a party includes its personal representatives, successors or permitted assigns.

1.2.3 A reference to a statute or statutory provision is a reference to such statute or provision as amended or re-enacted. A reference to a statute or statutory provision includes any subordinate legislation made under that statute or statutory provision, as amended or re-enacted.

1.2.4 Any phrase introduced by the terms including, include, in particular, or any similar expression shall be construed as illustrative and shall not limit the sense of the words preceding those terms.

1.2.5 A reference to writing or written includes faxes and emails save as expressly set out in clause 14.2.

1.3 Priorities. Ionix will endeavor to avoid any ambiguity or conflict between the documents forming the Contract but in the event of any such ambiguity or conflict the following order of priority shall apply:

1.3.1 the Purchase Order;

1.3.2 the Contract Order Conditions;

1.3.3 these Conditions.

2 Basis of Contract

2.1 These Conditions apply to the Contract to the exclusion of any other terms that the Supplier seeks to

impose or incorporate, or which are implied by trade, custom, practice or course of dealing.

2.2 Where the Purchase Order is an acceptance of a Quotation the Contract shall come into existence on the delivery of the Purchase Order to the Supplier.

2.3 Save as set out in clause 2.2, the Purchase Order constitutes an offer by Ionix to purchase the Goods in accordance with these Conditions.

2.4 The Purchase Order, if made under clause 2.3, shall be deemed to be accepted on the earlier of:

2.4.1 the Supplier issuing a written acceptance of the Purchase Order; and

2.4.2 the Supplier doing any act consistent with fulfilling the Purchase Order,

at which point the Contract shall come into existence.

2.5 The Supplier acknowledges that the Vendor Application Form is of paramount importance to Ionix in achieving its quality standards and corresponding audit warrants. Accordingly the Supplier warrants to Ionix that the Vendor Application Form remains accurate as at the date of Contract and subject to any amended information submitted to Ionix subsequently will remain so at Delivery. The Supplier undertakes to keep Ionix informed of any changes to its quality accreditation status as submitted on the Vendor Application Form as subsequently updated for a period of not less than 12 months following Delivery.

3 The Goods

3.1 The Supplier shall ensure that the Goods shall:

3.1.1 correspond with their description and any applicable Specification;

3.1.2 be of satisfactory quality (within the meaning of the Sale of Goods Act 1979, as amended) and fit for any purpose held out by the Supplier or made known to the Supplier by Ionix expressly or by implication, and in

this respect Ionix relies on the Supplier's skill and judgment;

3.1.3 where applicable, be free from defects in design, material and workmanship and remain so for 12 months after Delivery or for any appropriate period as mutually agreed; and

3.1.4 comply with all applicable statutory and regulatory requirements relating to the manufacture, labeling, packaging, storage, handling and delivery of the Goods.

3.2 The Supplier shall ensure that at all times it has and maintains all the licenses, permissions, authorisations, consents and permits that it needs to carry out its obligations under the Contract.

3.3 Ionix shall have the right to inspect and test the Goods at any time before Delivery.

3.4 If following such inspection or testing Ionix considers that the Goods do not conform or are unlikely to comply with the Supplier's undertakings at clause 3.1, Ionix shall inform the Supplier and the Supplier shall immediately take such remedial action as is necessary to ensure compliance.

3.5 Notwithstanding any such inspection or testing, the Supplier shall remain fully responsible for the Goods and any such inspection or testing shall not reduce or otherwise affect the Supplier's obligations under the Contract, and Ionix shall have the right to conduct further inspections and tests after the Supplier has carried out its remedial actions.

4 Delivery

4.1 The Supplier shall ensure that:

4.1.1 the Goods are properly packed and secured in such manner as to enable them to reach their destination in good condition;

4.1.2 each delivery of the Goods is accompanied by a delivery note in a format agreed with Ionix which shows the date of the Purchase Order, the Purchase

Order number, the type and quantity of the Goods (including the code number of the Goods, where applicable), special storage instructions (if any) and, if the Goods are being delivered by instalments, the outstanding balance of Goods remaining to be delivered or in the case of Contract Orders the Call Off Delivery Document; and

4.1.3 if the Supplier requires Ionix to return any packaging material to the Supplier, that fact is clearly stated on the delivery note. Any such packaging material shall be returned to the Supplier at the cost of the Supplier.

4.2 The Supplier shall deliver the Goods:

4.2.1 on the date specified in the Purchase Order, or, if no such date is specified, the Supplier shall agree on such date with Ionix as soon as reasonably practicable and in any event no later than five (5) Business Days following receipt of the Purchase Order;

4.2.2 to the Delivery Location; and

4.2.3 Between 9.00am to 5.00pm Monday to Friday, or as otherwise instructed by Ionix.

4.3 Delivery of the Goods shall be considered complete on the completion of unloading the Goods at the Delivery Location subject in the case of ATEX Goods also to clause 4.5 below.

4.4 The Supplier shall not deliver the Goods in installments without Ionix's prior written consent. Where it is agreed that the Goods are to be delivered by installments, they may be invoiced and paid for separately. However, failure by the Supplier to deliver any one installment on time or at all or any defect in an installment shall entitle Ionix to the remedies set out in clause 5.

4.5 ATEX Goods. When a shipment is made, a Certificate of Conformance conforming to ISO 17050-1 (C of C) must be supplied with the delivery of such Goods. This C of C must and be in accordance with the format and standard as laid down in the Vendor Application Form.

In the absence of a conforming C of C delivery will not be complete and Ionix shall be entitled to any of the remedies in clause 5.1 below.

5 Quality and remedies

On time delivery and reliable quality are key requisites for all Ionix suppliers. Ionix aims for defect-free products and expects its suppliers to be striving towards this goal. Ionix puts great effort into its supplier recruitment process and its ongoing relations with its suppliers. In the event that any issues with the Supplier may arise Ionix has the intention of working to resolve such issues in a constructive way. The provisions set out in clause 5.1 below will be applied in the first instance whenever it is feasible or acceptable to Ionix to do so. In certain cases, for example if such approach fails or in the event of a case which for Ionix presents serious and/or usually persistent issues Ionix reserves the right to apply the remedies set out in the remainder of this clause 5.

5.1 In the event of faulty Goods being received such Goods will be returned to the Supplier and the Supplier shall deal with such Goods in accordance with Ionix's return of faulty Goods and faulty Goods debit note procedure described in Supplement B clauses 19 and 20 of these Conditions.

5.2 If Goods are not delivered on the date they are due as referred to in clause 4.2.1, or do not comply with the undertakings set out in clause 3.1, then, without limiting any of its other rights or remedies, Ionix shall have the right to any one or more of the following remedies, whether or not it has accepted the Goods:

5.2.1 to terminate the Contract;

5.2.2 to reject the Goods (in whole or in part) and return them to the Supplier at the Supplier's own risk and expense;

5.2.3 to require the Supplier to repair or replace the rejected Goods, or to provide a full refund of the price of the rejected Goods (if paid);

5.2.4 to refuse to accept any subsequent delivery of the Goods which the Supplier attempts to make;

5.2.5 to recover from the Supplier any costs incurred by Ionix in obtaining substitute goods from a third party; and

5.2.6 to claim damages for any other costs, loss or expenses incurred by Ionix which are in any way attributable to the Supplier's failure to carry out its obligations under the Contract.

5.3 Defaults will be monitored and will have a negative effect on the Supplier's rating with Ionix.

5.4 These Conditions shall apply to any repaired or replacement Goods supplied by the Supplier.

5.5 The Supplier shall keep Ionix indemnified in full against all costs, expenses, damages and losses (whether direct or indirect), including any interest, penalties, and legal and other professional fees and expenses awarded against or incurred or paid by Ionix as a result of or in connection with:

5.5.1 any claim made against Ionix for actual or alleged infringement of a third party's intellectual property rights arising out of, or in connection with, the supply or use of the Goods, to the extent that the claim is attributable to the acts or omissions of the Supplier, its employees, agents or subcontractors;

5.5.2 any claim made against Ionix by a third party arising out of, or in connection with, the supply of the Goods, to the extent that such claim arises out of the breach, negligent performance or failure or delay in performance of the Contract by the Supplier, its employees, agents or subcontractors; and

5.5.3 any claim made against Ionix by a third party for death, personal injury or damage to property arising out of, or in connection with, defects in Goods, to the extent that the defect in the Goods is attributable to the acts or omissions of the Supplier, its employees, agents or subcontractors.

This clause 5.5 shall survive termination of the Contract.

5.6 Ionix's rights and remedies under these Conditions are in addition to its rights and remedies implied by statute and common law.

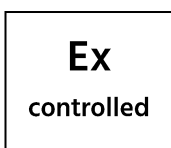

6 Supplying “Ex Controlled” Item

6.1 The ATEX Directive applies to devices that are used in potentially explosive environments. Because of the safety implications, enhanced control of such products and parts is needed. There are certain safety-critical items purchased by Ionix that are used in ATEX-regulated products. In the case that these items cannot / will not be 100% verified by Ionix upon receipt, Ionix will append “Ex” to the part number or make reference to “Ex CONTROLLED” markings within documents such as technical drawings and purchase orders.

Here is an example of how such a part number will appear:

200042-Ex

Here is an example of the markings within a document such as a technical drawing.

6.2 There are certain requirements of this document that are augmented for suppliers of EX CONTROLLED items. They are:

6.2.1 When a shipment is made, the Certificate of Compliance must state the serial number units included in the shipment. This is a repeat of the requirement stated above for all supplies because it is important.

6.2.3 The purchase specification for the item will typically ask for additional information on the C of C and for additional items to be forwarded. The additional information requested is typically the manufacturer and part number identity of

components/materials used or component/material values or ratings used. Additional items requested are typically raw materials or components used in production of a given manufacturing lot included alongside the shipment so that they can be verified by Product Resources when verification in the completed state is not possible or not effective.

6.2.4 The supplier must be certified to ISO 9001 by a recognized registrar. Compliance with ISO 80079-34 is preferred but not required. The supplier shall provide Ionix with a copy of its ISO 9001 certificate and shall update Ionix with new certificates following expiration of existing ones.

6.2.5 In the event that the supplier subcontracts the manufacture of the item, the party subcontracted to must (1) be the party that issues the C of C (or include both companies), and (2) fulfil the same Quality system certification requirement as stated above. Ionix will need a copy of the subcontractor's Quality system certificate.

6.2.6 Change control is critical: Whereas this document requires notification and approval of change before shipping product to Ionix for all suppliers, the criticality of this process is much greater for this class of products because of safety implications. Changes to Ex CONTROLLED parts may first be required to be approved by an ATEX notified, or associated regulatory, body.

6.2.7 Suppliers of EX CONTROLLED items must permit Ionix, a contractor hired by Ionix, or the associated regulatory body to visit for the purposes of auditing product and/or process.

7 Title and risk

The Goods shall remain at the risk of the Supplier until delivery to the Company is complete (including off-loading if so requested by Ionix) when ownership of the Goods shall pass to Ionix.

8 Price and Payment

8.1 The price of the Goods shall be the price set out in the Purchase Order, or, if no price is stated, the price set out in the Supplier's published price list in force as at the date the Contract came into existence.

8.2 The price of the Goods is exclusive of amounts in respect of value added tax (VAT), but includes the costs of packaging, insurance and carriage of the Goods. No extra charges shall be effective unless agreed in writing and signed by Ionix. Any carriage costs expressly agreed by Ionix in writing will only be accepted on condition that the Supplier shall use the carrier specified by Ionix unless otherwise agreed in writing.

8.3 Ionix shall, on receipt of a valid VAT invoice from the Supplier, pay to the Supplier such additional amounts in respect of VAT as are chargeable on the supply of the Goods.

8.4 The Supplier may invoice Ionix for the Goods on or at any time after the completion of Delivery. The invoice should be submitted as soon as possible after this time by email if possible to the email address set out in the Purchase Order or as otherwise specified by Ionix and no later than five (5) Business Days after Delivery.

8.5 Ionix shall pay correctly rendered invoices on the last Business Day of the month following the month in which the invoice is received. Payment shall be made to the bank account nominated in writing by the Supplier. Ionix shall be entitled to reject an incorrect invoice including one which does not correspond to

the Purchase Order and these Conditions which may delay payment.

8.7 Ionix may, without limiting any other rights or remedies it may have, set off any amount owed to it by the Supplier against any amounts payable by it to the Supplier under the Contract.

9 Ionix Materials

The Supplier acknowledges that all Ionix Materials and all rights in Ionix Materials are and shall remain the exclusive property of Ionix. The Supplier shall keep Ionix Materials in safe custody at its own risk, maintain them in good condition until returned to Ionix, and not dispose or use the same other than in accordance with Ionix's written instructions or authorisation. Ionix Materials shall be used exclusively for purposes specified by Ionix and shall not be used for any other purpose and must be delivered or returned to Ionix promptly on request.

10 Insurance

During the term of the Contract and for a period of three (3) years thereafter, the Supplier shall maintain in force, with a reputable insurance company, professional indemnity insurance, product liability insurance to include product recall and public liability insurance to cover such heads of liability as may arise under or in connection with the Contract, and shall, on Ionix's request, produce both the insurance certificate giving details of cover and the receipt for the current year's premium in respect of each insurance.

11 Confidential information

A party (**receiving party**) shall keep in strict confidence all technical or commercial know-how, Specifications, inventions, processes or initiatives which are disclosed to the receiving party by the other party (**disclosing party**), its employees, agents or subcontractors, and any other confidential information concerning the

disclosing party's business, its products or its services which the receiving party may obtain. The receiving party shall only disclose such confidential information to those of its employees, agents or subcontractors who need to know the same for the purpose of discharging the receiving party's obligations under the Contract, and shall ensure that such employees, agents or subcontractors shall keep such information confidential.

12 Termination

12.1 Ionix may terminate the Contract in whole or in part at any time before Delivery with immediate effect by giving the Supplier written notice, whereupon the Supplier shall discontinue all work on the Contract. Ionix shall pay the Supplier fair and reasonable compensation for work-in-progress and components and materials purchased in respect of the Purchase Order as agreed by Ionix at the time of termination, but such compensation shall not include loss of anticipated profits or any consequential loss. For the avoidance of doubt this clause 12.1 does not apply to Contract Orders.

12.2 Ionix may terminate the Contract with immediate effect by giving written notice to the Supplier if the Supplier becomes subject to any of the following events:

12.2.1 the Supplier suspends, or threatens to suspend, payment of its debts, or is unable to pay its debts as they fall due or admits inability to pay its debts, or (being a company) is deemed unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986, or (being an individual) is the subject of a bankruptcy petition or order or is deemed either unable to pay its debts or as having no reasonable prospect of so doing, in either case, within the meaning of section 268 of the Insolvency Act 1986, or (being a partnership) has any partner to whom any of the foregoing apply;

12.2.2 the Supplier commences negotiations with all or any class of its creditors with a view to rescheduling any of its debts, or makes a proposal for or enters into

any compromise or arrangement with its creditors or (being a company) a petition is filed, a notice is given, a resolution is passed, or an order is made, for or in connection with the winding up of the Supplier;

12.2.3 a creditor or encumbrancer of the Supplier attaches or takes possession of, or a distress, execution, sequestration or other such process is levied or enforced on or sued against, the whole or any part of its assets and such attachment or process is not discharged within 14 days or a person becomes entitled to appoint a receiver over the Supplier's assets or a receiver is appointed over the Supplier's assets;

12.2.4 (being a company) an application is made to court, or an order is made, for the appointment of an administrator or if a notice of intention to appoint an administrator is given or if an administrator is appointed over the Supplier or a floating charge holder over the Supplier's assets has become entitled to appoint or has appointed an administrative receiver;

12.2.5 the Supplier suspends, or threatens to suspend, or ceases or threatens to cease to carry on, all or substantially the whole of its business or the Supplier's financial position deteriorates to such an extent that in the Ionix's opinion the Supplier's capability to adequately fulfil its obligations under the Contract has been placed in jeopardy;

12.2.6 (being an individual) the Supplier dies or, by reason of illness or incapacity (whether mental or physical), is incapable of managing his or her own affairs or becomes a patient under any mental health legislation;

12.2.7 there is a change of control of the Supplier; or

12.2.8 any event occurs, or proceeding is taken, with respect to the Supplier in any jurisdiction to which it is subject that has an effect equivalent or similar to any of the events mentioned in clause 12.2.1 to clause 12.2.4 inclusive.

12.3 Termination of the Contract, however arising, shall not affect any of the parties' rights and remedies that

have accrued as at termination. Clauses which expressly or by implication survive termination of the Contract shall continue in full force and effect.

13 Obligations on termination

On termination the Supplier shall promptly:

13.1 return to Ionix all Ionix Materials and all other equipment, materials and property belonging to Ionix;

13.2 return to Ionix all documents and materials (and any copies) containing Ionix's confidential information;

13.3 erase all Ionix's confidential information from its computer systems (to the extent possible); and

13.4 on request, certify in writing to Ionix that it has complied with the requirements of this and clause 11.

14 Force majeure

Neither party shall be liable to the other for any delay or failure in performing its obligations under the Contract to the extent that such delay or failure is caused by an event or circumstance that is beyond the reasonable control of that party, and which by its nature could not have been foreseen by such party or, if it could have been foreseen, was unavoidable, provided that the Supplier shall use all reasonable endeavours to cure any such events or circumstances and resume performance under the Contract. If any events or circumstances prevent the Supplier from carrying out its obligations under the Contract for a continuous period of more than ten (10) Business Days, Ionix may terminate this Contract immediately by giving written notice to the Supplier. Each party shall keep the other promptly informed and updated concerning any matter to which this clause applies.

15 General

15.1 Assignment and subcontracting.

15.1.1 Ionix may at any time assign, transfer, charge, subcontract or deal in any other manner with any or all of its rights or obligations under the Contract.

15.1.2 The Supplier may not assign, transfer, charge, subcontract or deal in any other manner with any or all of its rights or obligations under the Contract without Ionix's prior written consent.

15.2 Notices.

15.2.1 Any notice or other communication given to a party under or in connection with the Contract shall be in writing, addressed to that party at its registered office (if it is a company) or its principal place of business (in any other case) or such other address as that party may have specified to the other party in writing in accordance with this clause, and shall be delivered personally, or sent by pre-paid first class post, recorded delivery or commercial courier.

15.2.2 A notice or other communication shall be deemed to have been received: if delivered personally, when left at the address referred to in clause 15.2.1; if sent by pre-paid first class post or recorded delivery, at 9.00 am on the second Business Day after posting; if delivered by commercial courier, on the date and at the time that the courier's delivery receipt is signed.

15.2.3 A notice is required to be given for the purposes of clauses 13.1, 13.2, 13.4 and 14 of these Conditions shall be given as set out in clause 15.1 and will not be validly given if sent by fax or email.

15.2.4 The provisions of this clause shall not apply to the service of any proceedings or other documents in any legal action.

15.3 Severance.

15.3.1 If any court or competent authority finds that any provision of the Contract (or part of any provision) is

invalid, illegal or unenforceable, that provision or part-provision shall, to the extent required, be deemed to be deleted, and the validity and enforceability of the other provisions of the Contract shall not be affected.

15.3.2 If any invalid, unenforceable or illegal provision of the Contract would be valid, enforceable and legal if some part of it were deleted, the provision shall apply with the minimum modification necessary to make it legal, valid and enforceable.

15.4 Waiver.

A waiver of any right or remedy under the Contract is only effective if given in writing and shall not be deemed a waiver of any subsequent breach or default. No failure or delay by a party to exercise any right or remedy provided under the Contract or by law shall constitute a waiver of that or any other right or remedy, nor shall it preclude or restrict the further exercise of that or any other right or remedy. No single or partial exercise of such right or remedy shall preclude or restrict the further exercise of that or any other right or remedy.

15.5 Third party rights.

A person who is not a party to the Contract shall not have any rights under or in connection with it.

15.6 Variation.

Except as set out in these Conditions, any variation to the Contract, including the introduction of any additional terms and conditions, shall only be binding when agreed in writing and signed by Ionix.

15.7 Supplier audit and reviews.

15.7.1 If so requested by Ionix the Supplier shall participate and cooperate in the audit and review process set out in this clause 15.7 and to make available appropriate personnel and access to its operations and facilities for such purpose.

15.7.2 The Supplier shall permit Ionix to carry out audits of its operations. This will not normally be more frequently than annually.

15.7.3 The Supplier shall attend periodic review meetings with Ionix to discuss the Supplier's performance and future plans. These reviews are intended to be mutually beneficial and allow effective communication.

15.8 Governing law and jurisdiction.

The Contract, and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims), shall be governed by, and construed in accordance with, English law, and the parties irrevocably submit to the exclusive jurisdiction of the courts of England and Wales.

Supplement A - Terms and conditions applicable to Contract Orders

16 Basis of a Contract Order

16.1 A Contract Order will be specified as such on Ionix's purchase order form and will invariably be acceptance of a Quotation. Ionix will whenever possible issue a Contract Order by email.

16.2 A Contract Order will specify an overall quantity of Goods required by Ionix in a fixed period and where possible the number and/or timing of the Call Offs for individual batches of the Goods during that period.

16.3 The terms of a Contract Order including without limitation the price of the Goods shall remain fixed for the period of the Contract Order unless varied under clause 14.6 of the Conditions.

17 Receipt of a Contract Order

On receipt of a Contract Order the Supplier will issue a confirmation to Ionix as soon as reasonably practicable and in any event no later than five (5) Business Days from receipt to the email address specified in the Contract Order.

18 Call Offs

18.1 On receipt of a Call Off the Supplier will issue a confirmation of delivery to Ionix as soon as reasonably practicable and in any event no later than two (2) Business Days from receipt which will include confirmation of the delivery date for that batch of Goods from the Contract Order. If there is no delivery date stated in such Call Off the Supplier will liaise with Ionix as soon as reasonably practicable and in any event no later than two (2) Business Days from receipt to agree on the delivery date.

18.2 Each delivery of Goods under a Call Off must be accompanied by the Call Off Delivery Document in place of the delivery note specified in clause 4.1.2 of these Conditions.

19 Stock

19.1 The Supplier will ensure that by the commencement date of the Contract under the Contract Order and thereafter during the course of the Contract it has sufficient stock of the Goods to supply Call Offs within five (5) Business Days of receipt of a Call Off.

19.2 If Ionix should not have issued Call Offs in respect of the entire quantity of Goods stated in the Contract Order within three (3) months of the specified fixed period (if any) the Supplier may invoice Ionix for the outstanding Goods specified in the Contract Order, unless otherwise agreed with the Supplier.

Supplement B – Return of faulty Goods and faulty Goods debit note procedure

20 Return of faulty Goods procedure

In the event of faulty Goods being supplied to Ionix the following procedure shall apply:

20.1 Ionix will notify the Supplier of the problem by telephone or email.

20.2 Ionix will return the faulty Goods to the Supplier by courier.

20.3 Ionix will ask the Supplier to investigate the cause of the problem and to advise Ionix as soon as possible what action has been taken to identify the root cause of the problem and to prevent a recurrence.

20.4 Within 14 days of the return of the Goods to the Supplier, the Supplier shall supply a report to Ionix explaining the cause of the fault and any corrective and preventative action taken by the Supplier.

21 Debit note procedure

21.1 Ionix will not normally require the faulty Goods(s) to be returned to Ionix unless Ionix advises the Supplier in writing to the contrary.

21.2 Ionix will raise a debit note in respect of the invoiced price of the faulty Goods plus an appropriate shipping and administration fee.

21.3 Ionix will post the debit note to the Supplier's account after 14 days.

21.4 The Supplier shall issue a corresponding credit note to Ionix to cover this within ten (10) days Business Days of receipt of Ionix's debit note.

21.5 If the Goods are, with Ionix's prior written agreement, reworked, identified as being reworked and re-delivered to Ionix in accordance with clause 4 of these Conditions then such Goods shall be re-invoiced by the Supplier in accordance with clause 7 of these Conditions.

21.6 If the Supplier can demonstrate to Ionix's reasonable satisfaction that the Goods supplied were not faulty or any fault was not the responsibility of the Supplier under the Contract, Ionix will waive the shipping and administration fee charged by Ionix in respect of faulty Goods.
